SUBJECT INDEX*

A

Adenocarcinoma
Obstruction and perforation in colorectal adenocarcinoma: an analysis of prognosis and current trends (Chen and Sheen-Chen). 2000;127:370-6

Adenocarcinoma, mucinous
Intraductal papillary mucinous tumors of the pancreas: pancreatic resections guided by preoperative morphological assessment and intraoperative frozen section examination (Paye et al). 2000;127:536-44

Adenoma
Lactating adenoma presenting as a giant breast mass (Reeves and Tabuenca). 2000;127:586-8
Local ampullary resection with careful intraoperative frozen section evaluation for presumed benign ampullary neoplasms (Clary et al). 2000;127:628-33

Adenosine
Adenosine prevents activation of transcription factor NF-kB an enhances activator protein-1 binding activity in ischemic rat heart (Chuanfu et al). 2000;127:161-9

Adenoviruses, human
Adenovirus-mediated insulin gene transfer improves nutritional and post-hepatectomized conditions in diabetic rats (Yamaguchi et al). 2000;127:670-8

Adrenal gland neoplasms
Primary malignant melanoma of the adrenal gland (Amérigo et al). 2000;127:10711

Anastomosis, surgical
End-to-side pudendal nerve anastomosis for the creation of a new reinforcing anal sphincter in dogs (Sato et al). 2000;127:92-8
Fecal continence following partial resection of the anal canal in distal rectal cancer: long-term results after coloanal anastomoses (Gamagami et al). 2000;127:291-5
Myoelectric and motor activity after proctocolectomy and ileal pouch-anal anastomosis in dogs (Willis et al). 2000;127:170-7

Aneurysm, false
Thrombin injection for treating a subclavian artery pseudoaneurysm (McConnell et al). 2000;127:716-8

Angiogenesis; see Neovascularization, pathologic

Angioplasty, transluminal, percutaneous coronary
Modulation of platelet aggregation after percutaneous transluminal angioplasty of the iliac artery for atherosclerosis obliterans (Onohara et al). 2000;127: 87-91

Antibody formation
Suppression of humoral immunization against encapsulated xenogeneic hepatocytes and prolongation of their function by 2-week cyclosporine treatment in the rat (Wen et al). 2000;127:301-8

Antigens, CD44
Does hyaluronan play a role in acute pancreatitis (Foitzik). 2000;127:659-60 (Editorial)
Role of hyaluronan in acute pancreatitis (Johnsson et al). 2000;127:650-8

Anus
End-to-side pudendal nerve anastomosis for the creation of a new reinforcing anal sphincter in dogs (Sato et al). 2000;127:92-8

Aorta, thoracic
A new method of intrathecal PO2, PCO2, and pH measurements for continuous monitoring of spinal cord ischemia during thoracic aortic clamping in pigs (Christiansson et al). 2000;127:571-6

Aortic aneurysm, abdominal
Surgical management of inflammatory abdominal aortic aneurysm associated with occult aortocaval fistula (Ferrari et al). 2000;127:234-6

Apoptosis
Apoptotic cell death of hepatocytes in rat experimental severe acute pancreatitis (Takeyama et al). 2000;127:55-64
Macrophage-derived transforming growth factor-β induces hepatocellular injury via apoptosis in rat severe acute pancreatitis (Hori et al). 2000;127:641-9
Stimulated apoptosis as an anti-neoplastic strategy (Arya et al). 2000;127:366-9

Appendectomy
Femoral nerve entrapment following appendectomy (Wechselberger et al). 2000;127:115 (Letter)

Appendicitis
Gangrenous and perforated appendicitis: a meta-analytic study of 2532 patients indicates that the incision should be closed primarily (Rucinski et al). 2000;127:136-41

Arginase
Beta adrenoceptor regulation of macrophage arginase activity (Bernard et al). 2000;127:412-8
Trauma increases extrahepatic arginase activity (Ochoa et al). 2000;127:419-26

Arterial occlusive diseases
Gender does not impact infrainguinal vein bypass graft outcome (Frangos et al). 2000;127:679-86

Artificial intelligence
Fuzzy logic: an introduction (Sawyer). 2000;127:254-6 (Commentary)

Atherosclerosis
Modulation of platelet aggregation after percutaneous transluminal angioplasty of the iliac artery for atherosclerosis obliterans (Onohara et al). 2000;127:87-91

B

Bacterial infections
Frequency and time course of pancreatic and extrapancreatic bacterial infections in experimental acute pancreatitis in rats (Schwarz et al). 2000;127:427-32

Barrett esophagus
Minimally invasive esophagectomy for Barrett's esophagus with high-grade dysplasia (Nguyen et al). 2000;127:284-90

Bias (Epidemiology)
Misclassification of hospital procedure volume in surgical outcomes studies (Urbach). 2000;127:238-9 (Letter)
Misclassification of hospital procedure volume in surgical outcomes studies (Birkmeyer). 2000;127:238-9 (Letter reply)

Bile duct neoplasms
Evaluation of morbidity and mortality after resection for hilar cholangiocarcinoma-a single center experience (Gerhards et al). 2000;127:395-404
A subcutaneous or subfascial jejunostomy is beneficial in the surgical management of extrahepatic bile duct cancers (Bathe et al). 2000;127:506-11

Bile ducts
Endoscopic sphincterotomy in the management of anomalous pancreaticobiliary junction (Ng et al). 2000;127:596 (Letter)

*January, pp 1-116; February, pp 117-240; March, pp 241-360; April, pp 361-480; May, pp 481-598; June, pp 599-738.

Biliary fistula
Fatal bilhemia (Sandlom et al). 2000;127:354-7
Biliary tract neoplasms
Right trisegment portal vein embolization for biliary tract carcinoma: technique and clinical utility (Nagino et al). 2000;127:155-60
Blood substitutes
Blood substitutes in surgery (Cohn). 2000;127:599-602
Blood transfusion, autologous
Usefulness of autologous blood transfusion for avoiding allogenic transfusion and infectious complications in esophageal cancer resection (Kinoshita et al). 2000;127:185-92
Breast neoplasms
Lactating adenoma presenting as a giant breast mass (Reeves and Tabuenca). 2000;127:586-8
Liver metastases from breast cancer: long-term survival after curative resection (Selzner et al). 2000;127:383-9

C

Calcium
Seasonal changes in calcium homeostasis affect the incidence of postoperative tetany in patients with Graves' disease (Yamashita et al). 2000;127:377-82
Calculi
The surgical treatment of isolated left-sided hepatolithiasis: a 22-year experience (Sun et al). 2000;127:493-7
Carcinoma
Gallbladder carcinoma with a tumor thrombus in the common bile duct: an unusual cause of obstructive jaundice (Midorikawa et al). 2000;127:472-4
Right trisegment portal vein embolization for biliary tract carcinoma: technique and clinical utility (Nagino et al). 2000;127:155-60
Carcinoma, hepatocellular
Clinical significance of microscopic tumor venous invasion in patients with resectable hepatocellular carcinoma (Tsai et al). 2000;127:603-8
Carotid arteries
Carotid endarterectomy in women: early and long-term results (Ballotta et al). 200:127:264-71
Vascular smooth muscle mechanics in isolated perfused segments of carotid arteries (Jerius et al). 2000;127:148-54
Carotid stenosis
Psychiatric presentation of carotid stenosis (Coumans and McGrail). 2000;127:713-5
Catecholamines
Beta adrenoceptor regulation of macrophage arginase activity (Bernard et al). 2000;127:412-8
Catheterization, central venous
Thrombin injection for treating a subclavian artery pseudoaneurysm (McConnell et al). 2000;127:716-8
Cell adhesion molecules
Adhesion molecules: clinical implications Serafini and Rosemurgy). 2000;127:481-3
Cell transplantations
Multiple intrasplenic hepatocyte transplantations in the dalmatian dog (Dunn et al). 2000;127:193-9
Cerebral ischemia, transient
The use of intra-aortic counterpulsation balloon for the treatment of cerebral vasospasm and edema (Montessuit et al). 2000;127:230-3
Cholangiocarcinoma
Evaluation of morbidity and mortality after resection for hilar cholangiocarcinoma-a single center experience (Gerhards et al). 2000;127:395-404
Long-term survival and prognostic factors in the surgical treatment of mass-forming type cholangiocarcinoma (Inoue et al). 2000;127:498-505
Long-term survival of peripheral intrahepatic cholangiocarcinoma with metastasis to the para-aortic lymph nodes (Murakami et al). 2000;127:105-6
Cholecystectomy
A comparison of laparoscopic and open cholecystectomy in patients with compensated cirrhosis and symptomatic gallstone disease (Poggio et al). 2000;127:405-11
Minimal pulmonary embolism detected after abdominal insufflation for laparoscopic cholecystectomy (Iki et al). 200;127:719 (Letter)
Wound recurrence from gallbladder cancer after open cholecystectomy (Lundberg and Kristoffersson). 2000;127:296-300
Cholecystectomy, laparoscopic
A comparison of laparoscopic and open cholecystectomy in patients with compensated cirrhosis and symptomatic gallstone disease (Poggio et al). 2000;127:405-11
Cholecystitis
Hepatobiliary scintigraphy is superior to abdominal ultrasonography in suspected acute cholecystitis (Chatziioannou et al). 2000;127:609-13
Cholelithiasis
A comparison of laparoscopic and open cholecystectomy in patients with compensated cirrhosis and symptomatic gallstone disease (Poggio et al). 2000;127:405-11
Cholestasis
Gallbladder carcinoma with a tumor thrombus in the common bile duct: an unusual cause of obstructive jaundice (Midorikawa et al). 2000;127:472-4
Colorectal neoplasms
Aggressive surgical approach to recurrent tumors after hepatectomy for metastatic spread of colorectal cancer to the liver (Imamura et al). 2000;127:528-35
Carbon dioxide pneumoperitoneum is associated with increased liver metastases in a rat model (Gutt et al). 2000;127:566-70
Malignant colorectal cell spread during no-touch cancer surgery (Douard et al). 2000;127:237 (Letter)
Malignant colorectal cell spread during no-touch cancer surgery (Hayashi et al). 2000;127:237-8 (Letter reply)
Obstruction and perforation in colorectal adenocarcinoma: an analysis of prognosis and current trends (Chen and Sheen-Chen). 2000;127:370-6
Colorectal surgery
Fecal continence following partial resection of the anal canal in distal rectal cancer: long-term results after coloanal anastomoses (Gamagami et al). 2000;127:291-5
Complications, surgical; see Intraoperative complications
Coronary disease
Carotid endarterectomy in women: early and long-term results (Ballotta et al). 200:127:264-71
The influence of female gender on the outcome of carotid endarterectomy: a challenge to the ACAS findings (Sternbach and Perler). 2000;127:272-5
Corrections
Antisense oligonucleotides to c-fos and c-jun inhibit intimal thickening in a rat vein graft model (Suggs et al). 2000;127:135
The effect of Lazaroid U-74389G on extended liver resection with ischemia in dogs (Iwananmi et al). 2000;127:71
Suppression of cellular immunity by surgical stress (Ogawa et al). 2000;127:613
Counterpulsation
The use of intra-aortic counterpulsation balloon for the treatment of cerebral vasospasm and edema (Montessuit et al). 2000;127:230-3
Cross infection
Polymorphonuclear neutrophils (PMN) recruitment in a 2-front murine injury model: triage of PMNs to competing stimuli of recruitment (Swartz et al). 2000;127:323-8

Cryosurgery
On the lung injury and disseminated intravascular clotting seen after liver trauma (Gans). 2000;127:477-8 (Letter)
On the lung injury and disseminated intravascular clotting seen after liver trauma (Chapman). 2000;127:477-8 (Letter reply)
Cutaneous fistula
Enterocutaneous fistula 14 years after prosthetic mesh repair of a ventral incisional hernia: a life long risk (Chew et al). 2000;127:352-3
Cyclosporine
Suppression of humoral immunization against encapsulated xenogeneic hepatocytes and prolongation of their function by 2-week cyclosporine treatment in the rat (Wen et al). 2000;127:301-8
Cystadenocarcinoma, mucinous
Mucinous cystadenocarcinoma of the mesentery (Linden and Ashley). 2000;127:707-8
Cytokines
Inflammatory cytokines and cell response in surgery (Lin et al). 2000;127:117-26
Sepsis after major visceral surgery is associated with sustained and interferon-γ-resistant defects of monocyte and cytokine production (Weighardt et al). 2000;127:309-15
Cytoprotection
Cytoprotective influence of ZVAD-fmk and glycine on gel-entrapped rat hepatocytes in a bioartificial liver (Nyberg et al). 2000;127:447-55
Cytoskeleton
Nicotine induces platelet-derived growth factor release and cytoskeletal alteration in aortic smooth muscle cells (Cucina et al). 2000;127:72-8

D

Debridement
Laparoscopic intracavitary debridement of peripancreatic necrosis: preliminary report and description of the technique (Alverdy et al). 2000;127:112-4
Delirium
Psychiatric presentation of carotid stenosis (Coumans and McGrail). 2000;127:713-5
Depression
Psychiatric presentation of carotid stenosis (Coumans and McGrail). 2000;127:713-5
Disseminated intravascular coagulation
On the lung injury and disseminated intravascular clotting seen after liver trauma (Gans). 2000;127:477-8 (Letter)
On the lung injury and disseminated intravascular clotting seen after liver trauma (Chapman). 2000;127:477-8 (Letter reply)
Down syndrome
An association of congenital mid-tracheal stenosis with Down syndrome (Weber and Fiore). 2000;127:358-60
Surgical ethics in a day's work: a personal vignette (Strauch). 2000;127:705-6
Drainage
A prospective comparison of systemic-bladder versus portal-enteric drainage in vascularized pancreas transplantation (Stratta et al). 2000;127:217-26
Duodenal ulcer
Ulcer necessitans: a forgotten entity (Page et al). 2000;127:593-4

E

Embolization, therapeutic
Right trisegment portal vein embolization for biliary tract carcinoma: technique and clinical utility (Nagino et al). 2000;127:155-60
Endarterectomy, carotid
Carotid endarterectomy in women: early and long-term results (Ballotta et al). 200:127:264-71
The influence of female gender on the outcome of carotid endarterectomy: a challenge to the ACAS findings (Sternbach and Perler). 2000;127:272-5
Endosonography
Endoscopic ultrasonography in the evaluation of thyroid cancer invasion into the esophagus (Ohshima et al). 2000;127:488 (Letter)
Endothelium, vascular
Effect of endothelial and adventitial injury on somatostatin receptor expression (Curtis et al). 2000;127:577-83
Endotoxic shock; see Shock, septic
Errors; see Medical errors
Esophageal neoplasms
Clinical application of malignancy potential grading as a prognostic factor of human esophageal cancer (Shiozaki et al). 2000;127:552-61
Endoscopic ultrasonography in the evaluation of thyroid cancer invasion into the esophagus (Ohshima et al). 2000;127:488 (Letter)
Significance of immunohistochemically demonstrated micrometastases to lymph nodes in esophageal cancer with histologically negative node (Kimukai et al). 2000;127:40-6
Usefulness of autologous blood transfusion for avoiding allogenic transfusion and infectious complications in esophageal cancer resection (Kinoshita et al). 2000;127:185-92
Esophagectomy
Minimally invasive esophagectomy for Barrett's esophagus with high-grade dysplasia (Nguyen et al). 2000;127:284-90
Esophagogastric junction
Esophagogastric junction pressure topography after fundoplication (Kahrilas et al). 2000;127:200-8
Ethics
Surgical ethics in a day's work: a personal vignette (Strauch). 2000;127:705-6

F

Factor V
Factor V Leiden mutation in a patient with warfarin-associated skin necrosis (Freeman et al). 2000;127:595 (Letter)
Fecal incontinence
Fecal continence following partial resection of the anal canal in distal rectal cancer: long-term results after coloanal anastomoses (Gamagami et al). 2000;127:291-5
Fellowships and scholarships
General surgery and fellowship training: opinions of surgical intern applicants and fellowship directors (Hardacre et al). 2000;127:14-18
Invited commentary: surgical residency training (Harken and Hartford). 2000;127:12-13
Femoral nerve
Femoral nerve entrapment following appendectomy (Wechselberger et al). 2000;127:115 (Letter)
Fibroblast growth factor
Nicotine-induced smooth muscle cell proliferation is mediated through bFGF and TGF-β1 (Cucina et al). 2000;127:316-22
Fistula
Surgical management of inflammatory abdominal aortic aneurysm associated with occult aortocaval fistula (Ferrari et al). 2000;127:234-6
Forecasting
Artificial neural networks (Drew and Monson). 2000;127:3-11
Free radical scavengers
A novel hydroxyl radical scavenger, nicaraven, protects the liver from warm ischemia and reperfusion injury (Yokota et al). 2000;127:661-9

Fundoplication
Esophagogastric junction pressure topography after fundoplication (Kahrilas et al). 2000;127:200-8
Measuring improved quality of life after laparoscopic Nissen fundoplication (Rattner). 2000;127:258-63

Fuzzy logic
Fuzzy logic: an introduction (Sawyer). 2000;127:254-6 (Commentary)
Improvement in the information content of the Glasgow Coma Scale for the prediction of full cognitive recovery after head injury using fuzzy logic (Amin and Kulkarni). 2000;127:245-53

G

Gadolinium
Gadolinium pretreatment decreases survival and impairs liver regeneration after partial hepatectomy under ischemia/ reperfusion in rats (Watanabe et al). 2000; 127:456-63

Gallbladder neoplasms
Gallbladder carcinoma with a tumor thrombus in the common bile duct: an unusual cause of obstructive jaundice (Midorikawa et al). 2000;127:472-4
Polypoid lesions of the gallbladder: report of 100 cases with special reference to operative indications (Terzi et al). 2000;127:622-7
Wound recurrence from gallbladder cancer after open cholecystectomy (Lundberg and Kristoffersson). 2000;127:296-300

Gangrene
Gangrenous and perforated appendicitis: a meta-analytic study of 2532 patients indicates that the incision should be closed primarily (Rucinski et al). 2000;127:136-41

Gastric fistula
Ulcer necessitans: a forgotten entity (Page et al). 2000;127:593-4

Gastric mucosa
Micrometastasis in lymph nodes and microinvasion of the muscularis propria in primary lesions of submucosal gastric cancer (Cai et al). 2000;127:32-9

Gastrointestinal neoplasms
Suppression of cellular immunity by surgical stress (Ogawa et al). 2000;127:329-37. 2000;127:613 (Correction)

Genetic vectors
Adenovirus-mediated insulin gene transfer improves nutritional and post-hepatectomized conditions in diabetic rats (Yamaguchi et al). 2000;127:670-8

Glasgow coma scale
Improvement in the information content of the Glasgow Coma Scale for the prediction of full cognitive recovery after head injury using fuzzy logic (Amin and Kulkarni). 2000;127:245-53

Goiter
Goiter recurrence in patients submitted to thyroid-stimulating hormone suppression: possible role of insulin-like growth factors and insulin-like growth factor-binding proteins (Torre et al). 2000;127:99-103

Graft survival
Gender does not impact infrainguinal vein bypass graft outcome (Frangos et al). 2000;127:679-86
Prolonged preservation increases surgical complications after pancreas transplants (Humar et al). 2000;127:545-51
Surgical risks and outcome of pancreas retransplants (Humar et al). 2000;127:634-40

Granulocyte macrophage colony-stimulating factors, recombinant
Recombinant granulocyte macrophage colony stimulating factor (fhu-GM-CSG) in the treatment of extensive leg ulcers; a case report (Siddiqui et al). 2000;127:589-92

Grave's disease
Seasonal changes in calcium homeostasis affect the incidence of postoperative tetany in patients with Graves' disease (Yamashita et al). 2000;127:377-82

H

Head injuries
Improvement in the information content of the Glasgow Coma Scale for the prediction of full cognitive recovery after head injury using fuzzy logic (Amin and Kulkarni). 2000;127:245-53

Hemodynamics
Fulmonary and hemodynamic changes during laparoscopy-are they important (Hardacre and Talamini). 2000;127:241-4

Hepatic artery
A replaced common hepatic artery running through the pancreatic parenchyma (Furukawa et al). 2000;127:711-2

Hepatic duct, common
The surgical treatment of isolated left-sided hepatolithiasis: a 22-year experience (Sun et al). 2000;127:493-7

Hepatic encephalopathy
Liver function and encephalopathy after partial vs direct side-to-side portacaval shunt: a prospective randomized clinical trial (Capussotti et al). 2000;127:614-21

Hepatocellular carcinoma
Successful transplantation in a patient with ruptured large hepatocellular carcinoma with diaphragmatic invasion (Chen et al). 2000;127:228-9

Hernia
Enterocutaneous fistula 14 years after prosthetic mesh repair of a ventral incisional hernia: a life long risk (Chew et al). 2000;127:352-3

Hernia, hiatal
Esophagogastric junction pressure topography after fundoplication (Kahrilas et al). 2000;127:200-8

Hernia, inguinal
Lichtenstein patch or Perfix plug-and-patch in inguinal hernia: a prospective double-blind randomized controlled trial of short-term outcome (Kingsnorth et al). 2000;127:276-83
Small bowel obstruction resulting from mesh plug migration after open inguinal hernia repair (Chuback et al). 2000;127:475-6

History of medicine
My teacher and chief: I.S. Ravdin (Rhoads). 2000;127:584-5
A remembrance of Lester Dragstedt of vagotomy renown (Jordan). 2000;127:104
A surgeon is an amalgam of many elements (Beahrs). 2000;127:227

Humoral immunization; see Antibody formation

Hyaluronan; see Antigens, CD44

Hyperparathyroidism
Somatic mutations of the multiple endocrine neoplasia type 1 (MEN1) gene in patients with sporadic, nonfamilial primary hyperparathyroidism (Sato et al). 2000;127:337-41

Hyperparathyroidism, secondary
Reoperation for secondary uremic hyperparathyroidism: are technical difficulties influenced by initial surgical procedure (Cattan et al). 2000;127:562-5

Hyperplasia
Effect of endothelial and adventitial injury on somatostatin receptor expression (Curtis et al). 2000;127:577-83

I

Ileal pouch; see Proctocolectomy, restorative

Images in surgery
Enterocutaneous fistula 14 years after prosthetic mesh repair of a ventral incisional hernia: a life long risk (Chew et al). 2000;127:352-3
Gallbladder carcinoma with a tumor thrombus in the common bile duct: an unusual cause of obstructive jaundice (Midorikawa et al). 2000;127:472-4
Lactating adenoma presenting as a giant breast mass (Reeves and Tabuenca). 2000;127:586-8

Long-term survival of peripheral intrahepatic cholangiocarcinoma with metastasis to the para-aortic lymph nodes (Murakami et al). 2000;127:105-6
Mucinous cystadenocarcinoma of the mesentery (Linden and Ashley). 2000;127:707-8
Mycetoma-an unusual site (Soni et al). 2000;127:709-10
Successful transplantation in a patient with ruptured large hepatocellular carcinoma with diaphragmatic invasion (Chen et al). 2000;127:228-9

Immunity
Cell-mediated immune response is better preserved by laparoscopy than laparotomy (Gitzelmann et al). 2000;127:65-71

Immunity, cellular
Suppression of cellular immunity by surgical stress (Ogawa et al). 2000;127:329-37. 2000;127:613 (Correction)

Immunosuppressive agents
Immunosuppressive therapy using FTY720 combined with tacrolimus in rat liver transplantation (Tamura et al). 2000;127:46-54

Inflammation
Inflammatory cytokines and cell response in surgery (Lin et al). 2000;127:117-26

Insufflation
Minimal pulmonary embolism detected after abdominal insufflation for laparoscopic cholecystectomy (Iki et al). 200;127:719 (Letter)

Insulin
Adenovirus-mediated insulin gene transfer improves nutritional and post-hepatectomized conditions in diabetic rats (Yamaguchi et al). 2000;127:670-8
Insulin and glucocorticoid-dependent suppression of the IGF-I system in diabetic wounds (Bitar). 2000;127:687-95
A prospective comparison of systemic-bladder versus portal-enteric drainage in vascularized pancreas transplantation (Stratta et al). 2000;127:217-26

Insulin-like growth factor 1
Insulin and glucocorticoid-dependent suppression of the IGF-I system in diabetic wounds (Bitar). 2000;127:687-95

Insulin-like growth factors; see Somatomedins

Integrins
Adhesion molecules: clinical implications Serafini and Rosemurgy). 2000;127:481-3

Internship and residency
General surgery and fellowship training: opinions of surgical intern applicants and fellowship directors (Hardacre et al). 2000;127:14-18
Invited commentary: surgical residency training (Harken and Hartford). 2000;127:12-13

Intestinal atresia
Surgical ethics in a day's work: a personal vignette (Strauch). 2000;127:705-6

Intestinal obstruction
Obstruction and perforation in colorectal adenocarcinoma: an analysis of prognosis and current trends (Chen and Sheen-Chen). 2000;127:370-6
Small bowel obstruction resulting from mesh plug migration after open inguinal hernia repair (Chuback et al). 2000;127:475-6

Intestinal perforation
Obstruction and perforation in colorectal adenocarcinoma: an analysis of prognosis and current trends (Chen and Sheen-Chen). 2000;127:370-6

Intra-aortic balloon pumping
The use of intra-aortic counterpulsation balloon for the treatment of cerebral vasospasm and edema (Montessuit et al). 2000;127:230-3

Intraoperative complications
Adverse events (McGuire). 2000;127:115 (Letter)
Malignant colorectal cell spread during no-touch cancer surgery (Douard et al). 2000;127:237 (Letter)
Malignant colorectal cell spread during no-touch cancer surgery (Hayashi et al). 2000;127:237-8 (Letter reply)

J

Jejunostomy
A subcutaneous or subfascial jejunostomy is beneficial in the surgical management of extrahepatic bile duct cancers (Bathe et al). 2000;127:506-11

K

Kupffer cells
Effect of the 21-aminosteroid on nuclear factor-κB activation of Kupffer cells in endotoxin shock (Okada et al). 2000;127:79-86

L

Lactation
Lactating adenoma presenting as a giant breast mass (Reeves and Tabuenca). 2000;127:586-8

Laparoscopic surgery; see Surgical procedures, laparoscopic

Laparoscopy
Cell-mediated immune response is better preserved by laparoscopy than laparotomy (Gitzelmann et al). 2000;127:65-71
Laparoscopic intracavitary debridement of peripancreatic necrosis: preliminary report and description of the technique (Alverdy et al). 2000;127:112-4

Laparotomy
Cell-mediated immune response is better preserved by laparoscopy than laparotomy (Gitzelmann et al). 2000;127:65-71

Leg ulcer
Recombinant granulocyte macrophage colony stimulating factor (fhu-GM-CSG) in the treatment of extensive leg ulcers; a case report (Siddiqui et al). 2000;127:589-92

Lidocaine
The lidocaine (MEGX) test as an index of hepatic function: its clinical usefulness in liver surgery (Ercolani et al). 2000;127:464-71

Liver
Apoptotic cell death of hepatocytes in rat experimental severe acute pancreatitis (Takeyama et al). 2000;127:55-64
Liver function and encephalopathy after partial vs direct side-to-side portacaval shunt: a prospective randomized clinical trial (Capussotti et al). 2000;127:614-21
On the lung injury and disseminated intravascular clotting seen after liver trauma (Gans). 2000;127:477-8 (Letter)
On the lung injury and disseminated intravascular clotting seen after liver trauma (Chapman). 2000;127:477-8 (Letter reply)
A novel hydroxyl radical scavenger, nicaraven, protects the liver from warm ischemia and reperfusion injury (Yokota et al). 2000;127:661-9
Standardized measurement of the future liver remnant prior to extended liver resection: methodology and clinical associations (Vauthey et al). 2000;127:512-9

Liver, artificial
Cytoprotective influence of ZVAD-fmk and glycine on gel-entrapped rat hepatocytes in a bioartificial liver (Nyberg et al). 2000;127:447-55

Liver cirrhosis
Successful transplantation in a patient with ruptured large hepatocellular carcinoma with diaphragmatic invasion (Chen et al). 2000;127:228-9

Liver diseases
The lidocaine (MEGX) test as an index of hepatic function: its clinical usefulness in liver surgery (Ercolani et al). 2000;127:464-71

Liver function tests
The lidocaine (MEGX) test as an index of hepatic function: its clinical usefulness in liver surgery (Ercolani et al). 2000;127:464-71
Liver neoplasms
Aggressive surgical approach to recurrent tumors after hepatectomy for metastatic spread of colorectal cancer to the liver (Imamura et al). 2000;127:528-35
Carbon dioxide pneumoperitoneum is associated with increased liver metastases in a rat model (Gutt et al). 2000;127:566-70
Liver metastases from breast cancer: long-term survival after curative resection (Selzner et al). 2000;127:383-9
Long-term experience after ex situ liver surgery (Oldhafer et al). 2000;127:520-7
Long-term survival and prognostic factors in the surgical treatment of mass-forming type cholangiocarcinoma (Inoue et al). 2000;127:498-505
Liver regeneration
Gadolinium pretreatment decreases survival and impairs liver regeneration after partial hepatectomy under ischemia/reperfusion in rats (Watanabe et al). 2000;127:456-63
Standardized measurement of the future liver remnant prior to extended liver resection: methodology and clinical associations (Vauthey et al). 2000;127:512-9
Liver transplantation
Immunosuppressive therapy using FTY720 combined with tacrolimus in rat liver transplantation (Tamura et al). 2000;127:46-54
Multiple intrasplenic hepatocyte transplantations in the dalmatian dog (Dunn et al). 2000;127:193-9
Lymph nodes
Early work in lymphatic mapping (Levine and Cohn). 2000;127:596 (Letter)
Invited commentary: are the staging systems for lymphatic spread important in gastric cancer (Siewert). 2000;127:127-8
Long-term survival of peripheral intrahepatic cholangiocarcinoma with metastasis to the para-aortic lymph nodes (Murakami et al). 2000;127:105-6
Significance of immunohistochemically demonstrated micrometastases to lymph nodes in esophageal cancer with histologically negative node (Kimukai et al). 2000;127:40-6
Lymphatic system
Early work in lymphatic mapping (Levine and Cohn). 2000;127:596 (Letter)

M

Macrophage
Beta adrenoceptor regulation of macrophage arginase activity (Bernard et al). 2000;127:412-8
Maduromycosis
Mycetoma-an unusual site (Soni et al). 2000;127:709-10
Medical errors
Adverse events (McGuire). 2000;127:115 (Letter)
Melanoma
Primary malignant melanoma of the adrenal gland (Amérigo et al). 2000;127:10711
Sentinel node localization in primary melanoma: preoperative dynamic lymphoscintigraphy, intraoperative gamma probe, and vital dye guidance (Gennari et al). 2000;127:19-25
Standardized probe-directed sentinel node dissection in melanoma (Essner et al). 2000;127:26-31
Mesenteric cyst
Mucinous cystadenocarcinoma of the mesentery (Linden and Ashley). 2000;127:707-8
Metabolism
Adenovirus-mediated insulin gene transfer improves nutritional and post-hepatectomized conditions in diabetic rats (Yamaguchi et al). 2000;127:670-8
Metabolism, inborn errors
Multiple intrasplenic hepatocyte transplantations in the dalmatian dog (Dunn et al). 2000;127:193-9
Metaloproteinases
Neutrophil-derived serine proteinases enhance membrane type-1 matrix metalloproteinases-dependent tumor cell invasion (Shamamian et al). 2000;127:142-7
Metastasis; see Neoplasm metastasis
Moments in surgery
The professor (Shuck). 2000;127:472
A remembrance of Lester Dragstedt of vagotomy renown (Jordan). 2000;127:104
Sunday School (Sarr). 2000;127:351
A surgeon is an amalgam of many elements (Beahrs). 2000;127:227
Monocytes
Sepsis after major visceral surgery is associated with sustained and interferon-γ-resistant defects of monocyte and cytokine production (Weighardt et al). 2000;127:309-15
Motor activity
Myoelectric and motor activity after proctocolectomy and ileal pouch-anal anastomosis in dogs (Willis et al). 2000;127:170-7
Multiple endocrine neoplasia type 1
Somatic mutations of the multiple endocrine neoplasia type 1 (MEN1) gene in patients with sporadic, nonfamilial primary hyperparathyroidism (Sato et al). 2000;127:337-41
Muscle contraction
Vascular smooth muscle mechanics in isolated perfused segments of carotid arteries (Jerius et al). 2000;127:148-54
Muscle, smooth, vascular
Vascular smooth muscle mechanics in isolated perfused segments of carotid arteries (Jerius et al). 2000;127:148-54
Mutations
Somatic mutations of the multiple endocrine neoplasia type 1 (MEN1) gene in patients with sporadic, nonfamilial primary hyperparathyroidism (Sato et al). 2000;127:337-41
Mycetoma; see Maduromycosis
Myocardial ischemia
Adenosine prevents activation of transcription factor NF-kB an enhances activator protein-1 binding activity in ischemic rat heart (Chuanfu et al). 2000;127:161-9

N

Neoplasm invasiveness
Clinical significance of microscopic tumor venous invasion in patients with resectable hepatocellular carcinoma (Tsai et al). 2000;127:603-8
Neutrophil-derived serine proteinases enhance membrane type-1 matrix metalloproteinases-dependent tumor cell invasion (Shamamian et al). 2000;127:142-7
Neoplasm metastasis
Aggressive surgical approach to recurrent tumors after hepatectomy for metastatic spread of colorectal cancer to the liver (Imamura et al). 2000;127:528-35
Carbon dioxide pneumoperitoneum is associated with increased liver metastases in a rat model (Gutt et al). 2000;127:566-70
Liver metastases from breast cancer: long-term survival after curative resection (Selzner et al). 2000;127:383-9
Long-term survival of peripheral intrahepatic cholangiocarcinoma with metastasis to the para-aortic lymph nodes (Murakami et al). 2000;127:105-6
Malignant colorectal cell spread during no-touch cancer surgery (Douard et al). 2000;127:237 (Letter)
Malignant colorectal cell spread during no-touch cancer surgery (Hayashi et al). 2000;127:237-8 (Letter reply)
Micrometastasis in lymph nodes and microinvasion of the muscularis propria in primary lesions of submucosal gastric cancer (Cai et al). 2000;127:32-9
Significance of immunohistochemically demonstrated

micrometastases to lymph nodes in esophageal cancer with histologically negative node (Kimukai et al). 2000;127:40-6

Neoplasm recurrence, local
Long-term experience after ex situ liver surgery (Oldhafer et al). 2000;127:520-7

Neoplasm staging
Clinical application of malignancy potential grading as a prognostic factor of human esophageal cancer (Shiozaki et al). 2000;127:552-61
Invited commentary: are the staging systems for lymphatic spread important in gastric cancer (Siewert). 2000;127:127-8

Neoplasms
Stimulated apoptosis as an anti-neoplastic strategy (Arya et al). 2000;127:366-9

Neoplasms, vascular tissue
Clinical significance of microscopic tumor venous invasion in patients with resectable hepatocellular carcinoma (Tsai et al). 2000;127:603-8

Neovascularization, pathologic
Vitronectin deficiency is associated with increased wound fibrinolysis and decreased microvascular angiogenesis in mice (Jang et al). 2000;127:696-704

Nerve entrapment syndromes
Femoral nerve entrapment following appendectomy (Wechselberger et al). 2000;127:115 (Letter)

Nerve nets
Artificial neural networks (Drew and Monson). 2000;127:3-11

Neural networks (Computer)
Artificial neural networks: an introduction (Sawyer). 2000;127:1-2 (Commentary)
Artificial neural networks (Drew and Monson). 2000;127:3-11

Neutrophils
Neutrophils express tissue factor in a monkey model of sepsis (Todoroki et al). 2000;127:209-16
Polymorphonuclear neutrophils (PMN) recruitment in a 2-front murine injury model: triage of PMNs to competing stimuli of recruitment (Swartz et al). 2000;127:323-8

NF-kappa B
Adenosine prevents activation of transcription factor NF-kB an enhances activator protein-1 binding activity in ischemic rat heart (Chuanfu et al). 2000;127:161-9
Effect of the 21-aminosteroid on nuclear factor-κB activation of Kupffer cells in endotoxin shock (Okada et al). 2000;127:79-86

Nicotine
Nicotine-induced smooth muscle cell proliferation is mediated through bFGF and TGF-β1 (Cucina et al). 2000;127:316-22
Nicotine induces platelet-derived growth factor release and cytoskeletal alteration in aortic smooth muscle cells (Cucina et al). 2000;127:72-8

Nitric oxide
Effect of uric acid on liver injury during hemorrhagic shock (Tsukada et al). 2000;127:439-46
Positive end-expiratory pressure and response to inhaled nitric oxide: changing nonresponders to responders (Johannigman et al). 2000;127:390-4

Nuclear factor kB; see NF-kappa B

O

Obesity, morbid
Laparoscopic adjustable gastric banding-a caution (Gustavsson). 2000;127:491-2
Laparoscopic banding-a viable option in bariatric surgery (Greenstein). 2000;127:491-2
Treatment of morbid obesity with the Swedish adjustable gastric band (SAGB): complication rate during a 12-month followup period (Hauri eta al). 2000;127:484-8

Occlusive disease, arterial; see Arterial occlusive diseases

Organ preservation
Prolonged preservation increases surgical complications after pancreas transplants (Humar et al). 2000;127:545-51

Outcome assessment (Health care)
Lichtenstein patch or Perfix plug-and-patch in inguinal hernia: a prospective double-blind randomized controlled trial of short-term outcome (Kingsnorth et al). 2000;127:276-83
Long-term experience after ex situ liver surgery (Oldhafer et al). 2000;127:520-7
Misclassification of hospital procedure volume in surgical outcomes studies (Urbach). 2000;127:238-9 (Letter)
Misclassification of hospital procedure volume in surgical outcomes studies (Birkmeyer). 2000;127:238-9 (Letter reply)

P

Pancreas transplantation
Prolonged preservation increases surgical complications after pancreas transplants (Humar et al). 2000;127:545-51
A prospective comparison of systemic-bladder versus portal-enteric drainage in vascularized pancreas transplantation (Stratta et al). 2000;127:217-26
Surgical risks and outcome of pancreas retransplants (Humar et al). 2000;127:634-40

Pancreatic ducts
Endoscopic sphincterotomy in the management of anomalous pancreaticobiliary junction (Ng et al). 2000;127:596 (Letter)

Pancreatic fistula
Fistulation method: simple and safe pancreaticojejunostomy after pancreaticoduodenectomy (Okamoto and Tsuruta). 2000:127;433-8

Pancreatic neoplasms
Intraductal papillary mucinous tumors of the pancreas: pancreatic resections guided by preoperative morphological assessment and intraoperative frozen section examination (Paye et al). 2000;127:536-44
A replaced common hepatic artery running through the pancreatic parenchyma (Furukawa et al). 2000;127:711-2

Pancreaticoduodenectomy
Fistulation method: simple and safe pancreaticojejunostomy after pancreaticoduodenectomy (Okamoto and Tsuruta). 2000:127;433-8
Local ampullary resection with careful intraoperative frozen section evaluation for presumed benign ampullary neoplasms (Clary et al). 2000;127:628-33
Misclassification of hospital procedure volume in surgical outcomes studies (Birkmeyer). 2000;127:238-9 (Letter reply)

Pancreaticojejunostomy
Fistulation method: simple and safe pancreaticojejunostomy after pancreaticoduodenectomy (Okamoto and Tsuruta). 2000:127;433-8

Pancreatitis
Apoptotic cell death of hepatocytes in rat experimental severe acute pancreatitis (Takeyama et al). 2000;127:55-64
Does hyaluronan play a role in acute pancreatitis (Foitzik). 2000;127:659-60 (Editorial)
Frequency and time course of pancreatic and extrapancreatic bacterial infections in experimental acute pancreatitis in rats (Schwarz et al). 2000;127:427-32
Laparoscopic intracavitary debridement of peripancreatic necrosis: preliminary report and description of the technique (Alverdy et al). 2000;127:112-4
Macrophage-derived transforming growth factor-β induces hepatocellular injury via apoptosis in rat severe acute pancreatitis (Hori et al). 2000;127:641-9
Role of hyaluronan in acute pancreatitis (Johnsson et al). 2000;127:650-8

Papilloma, intraductal
Intraductal papillary mucinous tumors of the pancreas: pancreatic resections guided by preoperative morphological assessment and intraoperative frozen section examination (Paye et al). 2000;127:536-44

Paraplegia
A new method of intrathecal PO2, PCO2, and pH measurements for continuous monitoring of spinal cord ischemia

during thoracic aortic clamping in pigs (Christiansson et al). 2000;127:571-6

Peritoneal lavage
Conservative surgical treatment of diffuse peritonitis (Seiler et al). 2000;127:178-84

Peritonitis
Conservative surgical treatment of diffuse peritonitis (Seiler et al). 2000;127:178-84

Platelet aggregation
Modulation of platelet aggregation after percutaneous transluminal angioplasty of the iliac artery for atherosclerosis obliterans (Onohara et al). 2000;127:87-91

Platelet-like growth factor
Nicotine induces platelet-derived growth factor release and cytoskeletal alteration in aortic smooth muscle cells (Cucina et al). 2000;127:72-8

Pneumoperitoneum
Carbon dioxide pneumoperitoneum is associated with increased liver metastases in a rat model (Gutt et al). 2000;127:566-70

Polyploidy
Polypoid lesions of the gallbladder: report of 100 cases with special reference to operative indications (Terzi et al). 2000;127:622-7

Polyps
Polypoid lesions of the gallbladder: report of 100 cases with special reference to operative indications (Terzi et al). 2000;127:622-7

Portacaval shunt, surgical
Liver function and encephalopathy after partial vs direct side-to-side portacaval shunt: a prospective randomized clinical trial (Capussotti et al). 2000;127:614-21

Portal vein
Right trisegment portal vein embolization for biliary tract carcinoma: technique and clinical utility (Nagino et al). 2000;127:155-60
Standardized measurement of the future liver remnant prior to extended liver resection: methodology and clinical associations (Vauthey et al). 2000;127:512-9

Positive-pressure respiration
Positive end-expiratory pressure and response to inhaled nitric oxide: changing nonresponders to responders (Johannigman et al). 2000;127:390-4

Postoperative complications
Treatment of morbid obesity with the Swedish adjustable gastric band (SAGB): complication rate during a 12-month followup period (Hauri eta al). 2000;127:484-8

Predicting; see Forecasting

Proctocolectomy, restorative
Myoelectric and motor activity after proctocolectomy and ileal pouch-anal anastomosis in dogs (Willis et al). 2000;127:170-7

Pseudoaneurysm; see Aneurysm, false

Pulmonary embolism
Minimal pulmonary embolism detected after abdominal insufflation for laparoscopic cholecystectomy (Iki et al). 200;127:719 (Letter)

Q

Quality of life
Measuring improved quality of life after laparoscopic Nissen fundoplication (Rattner). 2000;127:258-63

R

Radionuclide imaging
Hepatobiliary scintigraphy is superior to abdominal ultrasonography in suspected acute cholecystitis (Chatziioannou et al). 2000;127:609-13
Sentinel node localization in primary melanoma: preoperative dynamic lymphoscintigraphy, intraoperative gamma probe, and vital dye guidance (Gennari et al). 2000;127:19-25
Standardized probe-directed sentinel node dissection in melanoma (Essner et al). 2000;127:26-31

Radiopharmaceuticals
Standardized probe-directed sentinel node dissection in melanoma (Essner et al). 2000;127:26-31

Receptors, antigen, T-cell
B7.1 costimulation increases T-cell proliferation and cytotoxicity via selective expansion of specific variable alpha and beta genes of the T-cell receptors (Chan et al). 2000;127:342-50

Receptors, somatostatin
Effect of endothelial and adventitial injury on somatostatin receptor expression (Curtis et al). 2000;127:577-83

Reoperation
Conservative surgical treatment of diffuse peritonitis (Seiler et al). 2000;127:178-84
Reoperation for secondary uremic hyperparathyroidism: are technical difficulties influenced by initial surgical procedure (Cattan et al). 2000;127:562-5

Reperfusion injury
Gadolinium pretreatment decreases survival and impairs liver regeneration after partial hepatectomy under ischemia/reperfusion in rats (Watanabe et al). 2000;127:456-63
A novel hydroxyl radical scavenger, nicaraven, protects the liver from warm ischemia and reperfusion injury (Yokota et al). 2000;127:661-9

Replantation
Surgical risks and outcome of pancreas retransplants (Humar et al). 2000;127:634-40

Residency; see Internship and residency

Respiration
Pulmonary and hemodynamic changes during laparoscopy-are they important (Hardacre and Talamini). 2000:127:241-4

Respiratory distress syndrome, adult
Positive end-expiratory pressure and response to inhaled nitric oxide: changing nonresponders to responders (Johannigman et al). 2000;127:390-4

S

Scintigraphy; see Radionuclide imaging

Selectins
Adhesion molecules: clinical implications Serafini and Rosemurgy). 2000;127:481-3

Sepsis
Neutrophils express tissue factor in a monkey model of sepsis (Todoroki et al). 2000;127:209-16

Serine proteinases
Neutrophil-derived serine proteinases enhance membrane type-1 matrix metalloproteinases-dependent tumor cell invasion (Shamamian et al). 2000;127:142-7

Sex differences
Carotid endarterectomy in women: early and long-term results (Ballotta et al). 200:127:264-71
Gender does not impact infrainguinal vein bypass graft outcome (Frangos et al). 2000;127:679-86
The influence of female gender on the outcome of carotid endarterectomy: a challenge to the ACAS findings (Sternbach and Perler). 2000;127:272-5

Shock
Effect of uric acid on liver injury during hemorrhagic shock (Tsukada et al). 2000;127:439-46

Shock, septic
Effect of the 21-aminosteroid on nuclear factor-κB activation of Kupffer cells in endotoxin shock (Okada et al). 2000;127:79-86

Skin manifestations
Factor V Leiden mutation in a patient with warfarin-associated skin necrosis (Freeman et al). 2000;127:595 (Letter)

Smooth muscle tumor
Nicotine-induced smooth muscle cell proliferation is mediated through bFGF and TGF-β1 (Cucina et al). 2000;127:316-22
Somatomedins
Goiter recurrence in patients submitted to thyroid-stimulating hormone suppression: possible role of insulin-like growth factors and insulin-like growth factor-binding proteins (Torre et al). 2000;127:99-103
Sphincterotomy, endoscopic
Endoscopic sphincterotomy in the management of anomalous pancreaticobiliary junction (Ng et al). 2000;127:596 (Letter)
Spinal cord injuries
A new method of intrathecal PO2, PCO2, and pH measurements for continuous monitoring of spinal cord ischemia during thoracic aortic clamping in pigs (Christiansson et al). 2000;127:571-6
Stomach neoplasms
Invited commentary: are the staging systems for lymphatic spread important in gastric cancer (Siewert). 2000;127:127-8
Micrometastasis in lymph nodes and microinvasion of the muscularis propria in primary lesions of submucosal gastric cancer (Cai et al). 2000;127:32-9
Stress
Suppression of cellular immunity by surgical stress (Ogawa et al). 2000;127:329-37. 2000;127:613 (Correction)
Subclavian artery
Thrombin injection for treating a subclavian artery pseudoaneurysm (McConnell et al). 2000;127:716-8
Surgeons
General surgery and fellowship training: opinions of surgical intern applicants and fellowship directors (Hardacre et al). 2000;127:14-18
Invited commentary: surgical residency training (Harken and Hartford). 2000;127:12-13
My teacher and chief: I.S. Ravdin (Rhoads). 2000;127:584-5
The professor (Shuck). 2000;127:472
A remembrance of Lester Dragstedt of vagotomy renown (Jordan). 2000;127:104
A surgeon is an amalgam of many elements (Beahrs). 2000;127:227
Surgery
The meaning of surgery (Finlayson et al). 2000;127:361-2 (Editorial)
Surgery and meaning (Petry). 2000;127:363-5 (Editorial)
Weber TR, Fiore A. An association of congenital mid-tracheal stenosis with Down syndrome. 2000;127:358-60
Surgical mesh
Enterocutaneous fistula 14 years after prosthetic mesh repair of a ventral incisional hernia: a life long risk (Chew et al). 2000;127:352-3
Small bowel obstruction resulting from mesh plug migration after open inguinal hernia repair (Chuback et al). 2000;127:475-6
Surgical procedures, laparoscopic
A comparison of laparoscopic and open cholecystectomy in patients with compensated cirrhosis and symptomatic gallstone disease (Poggio et al). 2000;127:405-11
Laparoscopic adjustable gastric banding-a caution (Gustavsson). 2000;127:491-2
Laparoscopic banding-a viable option in bariatric surgery (Greenstein). 2000;127:491-2
Measuring improved quality of life after laparoscopic Nissen fundoplication (Rattner). 2000;127:258-63
Pulmonary and hemodynamic changes during laparoscopy-are they important (Hardacre and Talamini). 2000;127:241-4
Treatment of morbid obesity with the Swedish adjustable gastric band (SAGB): complication rate during a 12-month followup period (Hauri eta al). 2000;127:484-8
Surgical procedures, minimally invasive
Minimally invasive esophagectomy for Barrett's esophagus with high-grade dysplasia (Nguyen et al). 2000;127:284-90
Surgical procedures, operative
Misclassification of hospital procedure volume in surgical outcomes studies (Urbach). 2000;127:238-9 (Letter)
Misclassification of hospital procedure volume in surgical outcomes studies (Birkmeyer). 2000;127:238-9 (Letter reply)
Surgical wound infection
Gangrenous and perforated appendicitis: a meta-analytic study of 2532 patients indicates that the incision should be closed primarily (Rucinski et al). 2000;127:136-41
Sepsis after major visceral surgery is associated with sustained and interferon-γ-resistant defects of monocyte and cytokine production (Weighardt et al). 2000;127:309-15
Usefulness of autologous blood transfusion for avoiding allogenic transfusion and infectious complications in esophageal cancer resection (Kinoshita et al). 2000;127:185-92

T

T-lymphocytes
B7.1 costimulation increases T-cell proliferation and cytotoxicity via selective expansion of specific variable alpha and beta genes of the T-cell receptors (Chan et al). 2000;127:342-50
Tacrolimus
Immunosuppressive therapy using FTY720 combined with tacrolimus in rat liver transplantation (Tamura et al). 2000;127:46-54
Tetany
Seasonal changes in calcium homeostasis affect the incidence of postoperative tetany in patients with Graves' disease (Yamashita et al). 2000;127:377-82
Thrombin
Thrombin injection for treating a subclavian artery pseudoaneurysm (McConnell et al). 2000;127:716-8
Thromboplastin
Neutrophils express tissue factor in a monkey model of sepsis (Todoroki et al). 2000;127:209-16
Thyroid neoplasms
Endoscopic ultrasonography in the evaluation of thyroid cancer invasion into the esophagus (Ohshima et al). 2000;127:488 (Letter)
Thyrotropin
Goiter recurrence in patients submitted to thyroid-stimulating hormone suppression: possible role of insulin-like growth factors and insulin-like growth factor-binding proteins (Torre et al). 2000;127:99-103
Tissue factor; see Thromboplastin
Tracheal stenosis
An association of congenital mid-tracheal stenosis with Down syndrome (Weber and Fiore). 2000;127:358-60
Transforming growth factor beta
Macrophage-derived transforming growth factor-β induces hepatocellular injury via apoptosis in rat severe acute pancreatitis (Hori et al). 2000;127:641-9
Nicotine-induced smooth muscle cell proliferation is mediated through bFGF and TGF-β1 (Cucina et al). 2000;127:316-22
Transplantation, heterologous
Suppression of humoral immunization against encapsulated xenogeneic hepatocytes and prolongation of their function by 2-week cyclosporine treatment in the rat (Wen et al). 2000;127:301-8
Trauma; see Wounds and injuries

U

Ultrasonography
Hepatobiliary scintigraphy is superior to abdominal ultrasonography in suspected acute cholecystitis (Chatziioannou et al). 2000;127:609-13

Uremia
Reoperation for secondary uremic hyperparathyroidism: are technical difficulties influenced by initial surgical procedure (Cattan et al). 2000;127:562-5

Uric acid
Effect of uric acid on liver injury during hemorrhagic shock (Tsukada et al). 2000;127:439-46

V

Vagotomy
A remembrance of Lester Dragstedt of vagotomy renown (Jordan). 2000;127:104

Vascular fistula
Fatal bilhemia (Sandlom et al). 2000;127:354-7

Vasospasm, cerebral; see Cerebral ischemia, transient

Vater's ampulla
Local ampullary resection with careful intraoperative frozen section evaluation for presumed benign ampullary neoplasms (Clary et al). 2000;127:628-33

Vitronectin
Vitronectin deficiency is associated with increased wound fibrinolysis and decreased microvascular angiogenesis in mice (Jang et al). 2000;127:696-704

W

Warfarin
Factor V Leiden mutation in a patient with warfarin-associated skin necrosis (Freeman et al). 2000;127:595 (Letter)

Wound healing
Insulin and glucocorticoid-dependent suppression of the IGF-I system in diabetic wounds (Bitar). 2000;127:687-95
Vitronectin deficiency is associated with increased wound fibrinolysis and decreased microvascular angiogenesis in mice (Jang et al). 2000;127:696-704
Wound recurrence from gallbladder cancer after open cholecystectomy (Lundberg and Kristoffersson). 2000;127:296-300

Wounds and injuries
Trauma increases extrahepatic arginase activity (Ochoa et al). 2000;127:419-26

X

Xenotransplantation; see Transplantation, heterologous
